

GLOBAL POSITIONING SYSTEM (GPS)

Arizona State Law states that anyone who is convicted of a Dangerous Crime Against Children on or after November 1, 2006, will require Community Notification Level 3, and if a term of probation is imposed, must be monitored via GPS (Global Positioning System) for the term of probation. Yavapai County Adult Probation has taken the lead in this program and is the Regional Monitoring Center for Northern Arizona. In addition, two Yavapai County, the two surveillance officers who are assigned to track sex offenders on GPS in Yavapai County, as well as Apache, Navajo, Gila, Coconino, Mohave and La Paz Counties. GPS is being utilized as a tool to help contain and track dangerous sex offenders with the safety of the community being at the forefront of the program.
